

EduWall and Edu

Edu Wall

EDUWALL

EduWall auditorium seat has molded plywood seat and back. EduWall takes up less than 30 cm of depth and so it is especially suitable for smaller spaces and where open floor area is needed.

Construction: Steel plate 5 mm. The seat works with the counterweight placed under the seat. 12 - 15 mm plywood or laminate surfaced seat and back. Upholstered or without upholstery.

Armrests: Wooden armrest L shaped or without armrest

Foams: 3 cm in the seat and 1 cm in the back

Angle of back: 11 degrees

Writing tablet: No table

Wooden parts: Birch, beech, ash, maple, oak etc. lacquered, stained or painted with the desired color

Metal parts: Epoxy painted with the desired RAL color

Fabric demand: 0.65 m / pcs

Meets fire safety requirements:
